TITLE OF PROJECT

“Bergamo insieme contro il dolore”

Assistance processes to promote health: an excellence experience in the sphere of application regional project
“L’Ospedale Senza Dolore” lombard network HPH

Project duration:

preliminary-informative period: 2005/2006

organization-operative period: 2007/2009

Introduction: for a long time is the Regione Lombardia tradition to give her support to “HPH network”. In particular about the “Ospedale Senza Dolore” thematic (P.S.S.R. 2002/2004 and Decree with the Force of Law n° 23454/2004 “Manuale Applicativo per la realizzazione dell’O.S.D.”). presentation project “Bergamo Insieme Contro il Dolore” to set in a largest horizon than Regional Guide Line. That is to say a whole lombard province (Bergamo 1.000.000 inhabitants) against unnecessary pain.

Aim of the project:

Specific objects are: institution of C.O.S.D. in provincial network, training of trainer (Medical Doctors and Nurses) in each sanitary structure and in each province’s sanitary district. Promotions of information to the citizens and activation of complementary opinion by other learning by meetings, events, publications. All of that in a virtuous circle from hospital to districts in a logic of qualitative improvement to experience a sensation by the citizen to the control of acute and chronic pain to promote health.

Target:

Project is promoter of systematic programs for the campaigns:

- “Verso Ospedali Senza Dolore Inutile” (Training of trainers)
- “Vivere al Domicilio Senza Dolore Inutile” (permanent laboratory-politic-organizing)
- “Verso un Luogo di Vita Senza dolore Inutile” (University, Cultural Associations, Meetings, Events, Publications)

Main activities and Results:

- 2005 JUNE formal acceptance to federate the C.O.S.D. of the province by directions of all the sanitarries structures of Bergamo.
- 2006 FEBRUARY press conference to present the project to local media and to the citizens with other learning join.
- 2005 – 2006 predispositions of didactics kit with the formative journey to provide to futures trainers in the structure and in the district
- 2006 creations of a temporary association of aim “Bergamo Insieme Contro il Dolore” to collect economics resources to carry out the project (during 3 years).
