

BOARD FOR THE IDENTIFICATION OF PUPILS IN SITUATION OF HANDICAP

According to the Prime Ministerial Decree No.185 23 February 2006

For the attention of families

Hereby it is delivered to you in triplicate, the Meeting Report of the Board for the Identification of pupils in situation of handicap.

You are invited to:

- 1) Keep in your records a copy of the meeting report delivered today;
- 2) Deliver, together with the Functional Diagnosis, a copy of the meeting report to the school attended by your son/daughter, so that the school itself can fulfill the obligations imposed for the fulfilments of academic supports to promote school integration (a support teacher borne by the School Office and/or a teaching/education assistant borne by the municipality of residence, the Dote scuola borne by the Region of Lombardy). In case there is a certification to request "a teaching/education assistant " it will be the Headmaster who will send a copy of the meeting report and Functional Diagnosis to the municipality of residence, using the card drive signed by the family;
- 3) Deliver a copy of the meeting report to the specialized services (Unità di Neuropsichiatria Infantile, IRCCS, Consultorio Familiare...) which has prepared the certification and functional diagnosis, attached to the assessment application.

You are also asked to check the expiry of the validity of the investigation (indicated at the end of the meeting report), so that you can arrange, in good time, for an assessment with the specialized services on the clinical condition of your son/daughter and together evaluate the possible need to submit at ASST Papa Giovanni XXIII the application for renewal of the investigation.

Yours sincerely.

Il Responsabile
Dr. Pietro Zoncheddu

Il Responsabile del Procedimento: dr. Pietro Zoncheddu
Il Funzionario Competente: Maddalena Badoni - Valeria Maringoni
